About CenterPoint Energy Resources Corporation

CenterPoint Energy’s natural gas distribution and transmission businesses have been serving customers for more than a century. We deliver more than 400 billion cubic feet of natural gas each year to about 3.4 million residential, commercial and industrial customers. This makes CenterPoint Energy one of the largest publicly traded companies in the country. We own and operate over 119,000 miles of main and service lines that deliver gas to more than 990 communities in Arkansas, Louisiana, Minnesota, Mississippi, Oklahoma, and Texas.

Products Transported and Counties Involved
