About Kinder Morgan

Kinder Morgan – Natural Gas Pipelines
 With approximately 70,000 miles of natural gas pipelines, Kinder Morgan owns an interest in or operates the largest natural gas network in North America. We serve the major consuming markets of the United States, and our pipelines transport approximately 38 percent of the natural gas consumed in the U.S. Kinder Morgan is committed to being a good corporate citizen and conducting ourselves in an ethical and responsible manner. We spend hundreds of millions of dollars each year on integrity management and maintenance programs to operate our assets safely and to protect the public, our employees, contractors and the environment.

Products Transported and Counties Involved

Product	Description	Counties Involved
Natural Gas	<p><u>Leak Type:</u> Gas</p> <p><u>Vapor:</u> Lighter than air and will generally rise and dissipate. May gather in a confined space and travel to a source of ignition.</p> <p><u>Health Hazards:</u> Vapors may cause dizziness or asphyxiation without warning and may be toxic if inhaled at high concentrations. Contact with gas or liquefied gas may cause burns, severe injury and/or frostbite.</p> <p><u>Fire Hazards:</u> Will be easily ignited by heat, sparks or flames and will form explosive mixtures with air.</p>	<ul style="list-style-type: none"> Beckham
